What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist

K. C. ADVICE TO MOTHERS. —Mrs Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

Cough! and Cough! and Cough!! What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.

How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! its only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no equal, and few equals. W. H. Chedic, Druggist.

Language is hardly strong enough to express my admiration of the merits of Chamberlain's Cough Remedy. It is the best remedy for croup and whooping cough I have ever used. During the past eighteen years I have tried nearly all the prominent cough medicines on the market but say, and with pleasure too, that Chamberlain's Cough Remedy is the best of all. CHAS. R. BROWN, Bakersfield, California. For sale by G. G. Thaxter.

ARBOR DAY.

The Governor Sets the 4th of April

STATE OF NEV., EXECUTIVE DEPT., CARSON, NEV., March 5, 1890.

WHEREAS, By an Act of the Legislature of the State of Nevada, approved February 18, 1887, "Arbor Day" is established and made "a holiday for the public schools;" and

WHEREAS, By the terms of said Act the Chief Executive is requested to make proclamation of said day thirty days prior to its observance;

THEREFORE, I, C. C. Stevenson, Governor of the State of Nevada, do hereby proclaim and set apart Friday, the Fourth Day of April, A. D. 1890, as Arbor Day, and earnestly request its observance throughout the State, especially by all the teachers and pupils of the Public Schools, and that said Act be read by teachers to pupils, and its wise and salutary provisions explained.

It is recommended that Arbor Day, so established, be observed by the People of the State in the planting of trees, shrubs and vines, in the promotion forest growth and culture, in the advancement of public and private grounds, places and ways, and in such other efforts and other undertakings as shall be in harmony with the character of the Day.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of the State to be affixed. Done at Carson City, Nevada, this Fifth Day of March, in the year of our Lord, one thousand, eight hundred and ninety.

C. C. STEVENSON, Gov.
JOHN M. DORMER,
Secretary of State.

THANKS, SENATORS.—Yesterday's mail brought the APPEAL an elegant supply of farm and garden seeds, which are sufficient to start a full grown ranch with. The regular editor is now in San Francisco and unable to attend to his, which is in the hands of capable parties. Probably they will get some of the seed in the ground right away, and Sam will break his record by raising something.

SERVED HIM RIGHT.—John L. Sullivan insulted a slender young man in a saloon recently, and because the fellow refused to notice him, John threatened to wipe the floor with the frail youth. At this juncture John was struck in the face with a cane and sprawled on the floor. A lesson of this kind should be dealt to burly brutal pigs whenever they attempt to assert themselves in this manner.

SUDDEN DEATH.—Last Monday afternoon about four o'clock Mrs. Eliza Slingerland was found dead in her bed at her residence on Main street opposite the Times office. She was found by her divorced husband. Cause of her death as reported by the coronor's is alcoholism.—Dayton Times.

Buffalo Bill's cowboys seem to have astonished the Romans by riding wild horses from the band of the Duke of Sermonete. The cowboys conquered the animals in five minutes. The average vaquero has no difficulty in getting the better of a horse than can give up in that time. Such animals are easy to ride compared with some.

The contract for carrying the mail on Lake Tahoe has been awarded to Lucky Baldwin, and he is having a fine iron steamer built at Buffalo, New York. Apaches Captured

GLOBE, ARIZONA, March 8.—The five renegade Apaches who murdered Geo. Herbert, a freighter, a week ago, were overtaken yesterday on Salt river 30 miles north of Globe by a detachment of troops under the command of Lieutenant James M. Watson, of Tenth Cavalry, and Lieutenant Clarke. The troopers had a sharp fight with the Indians, resulting in the killing of two of the renegades and capture of the other three, one of whom was wounded. The troops had traveled over three hundred miles of the roughest country in the Territory and in the skirmish with the Indians escaped without a scratch. The killed were buried where they fell and the prisoners were brought here today. They will be taken to San Carlos tomorrow, and latter will be turned over to the authorities of Graham county, for trial.

THE COMSTOCK FIGHTER. (?)—F. Keller, a heavyweight pugilist, was in Virginia City Sunday with Dan O'Keefe of Reno, trying to arrange a finish fight with Bill Keogh, but the aforementioned William doesn't care to fight except under the following conditions: He will fight in Reno if Keller will guarantee him \$1000, win or lose, or he will fight if Keller will train down 170 pounds. Keller fights at about 180, and won't undertake to come down to 170, as it would simply unfit him for a fight. He told Keogh, however, if he would show him where a heavyweight was required to come down to a certain weight, he would do it if he had to cut off a limb. Keogh has been given 24 hours to decide wheather he wants to fight or not.

THE BLIZZARD.—Damage on the C. P. was terrific, and the line for fifty miles around Truckee was in a fearful state. On the 8th the rotary plow was broken and the cyclone sent out. Although not a complete machine, the track was cleared and trains put in running order again. The 9th brought another blizzard, and at 3 o'clock the trains were again abandoned, but the road will probably be open by the time this reaches our readers. The lines are in bad condition, and the men repairing them have had to dig through twenty-five feet of snow to get in to the poles.

There is a mine near Leadville into which women are never admitted. The mine has had an accident for every woman who has visited it. Immediately after a woman has been admitted some mishap, with damage to property or life, has followed. Hence the superstition of the miners.
